HOUSE CONCURRENT RESOLUTION NO. 64 BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND ENCOURAGING THE DEPARTMENT OF ENVIRONMENTAL QUALITY TO EVALUATE, ADOPT AND IMPLEMENT CERTAIN STANDARDS AND RULES RELATING TO WATER QUALITY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, the Department of Environmental Quality has been designated by the Legislature as the primary agency to meet the goals and requirements of the Clean Water Act and to coordinate and administer Idaho's ground water quality protection programs; and

WHEREAS, surface water quality standards under the Clean Water Act include designated uses for navigable waters and criteria for such designated uses, and revisions of those uses and criteria must be submitted to the U.S. Environmental Protection Agency for approval; and

WHEREAS, surface water quality standards under the Clean Water Act may also include provisions regarding mixing zones, variances and low flows and the decision to include such provisions in the water quality standards is reserved to the state

under the Clean Water Act; and

WHEREAS, decisions concerning ground water are within the sole jurisdiction of the state, and state ground water quality standards do not require the approval of the U.S. Environmental Protection Agency; and

WHEREAS, any changes in Idaho's water quality standards proposed by the Department of Environmental Quality must comply with the provisions of the Idaho Environmental Protection and Health Act and will be subjected to legislative review and approval; and

WHEREAS, the Idaho Environmental Protection and Health Act states the Legislature's intent that environmental quality programs be promulgated and managed so that the benefits of pollution control measures have a reasonable relationship to the public health costs, private property rights and the environmental and economic impacts of such measures; and

WHEREAS, the Idaho Water Quality Act states the Legislature's intent that the state of Idaho fully meet the goals and requirements of the Clean Water Act and that the rules promulgated to implement the Clean Water Act not impose requirements beyond those of the Clean Water Act; and

WHEREAS, it is the Legislature's intent that Idaho's surface water quality standards not apply to manmade waterways and private waters within the state unless otherwise required by the Clean Water Act; and

WHEREAS, the Legislature recognizes that the federal Safe Drinking Water Act regulates public water systems and that drinking water standards may not be appropriate for use as water quality standards when natural conditions make such standards unattainable, such as in the case of arsenic; and

WHEREAS, the Legislature recognizes that the water quality standards and the ground water quality rules both contain provisions that allow the use of natural background as a standard when natural conditions exceed numeric standards.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Fifty-eighth Idaho Legislature, the House of Representatives and the Senate concurring therein, that the Legislature encourages the Department of Environmental Quality to evaluate, adopt and implement water quality standards, rules and other provisions that fully consider natural conditions that exist in Idaho for all criteria and that the Department adopt uses for water bodies that are attainable.

BE IT FURTHER RESOLVED that the Legislature encourages the Department of Environmental Quality to propose changes to its rules regarding mixing zones, variances and low flows only when there is broad agreement among affected parties concerning those changes.

BE IT FURTHER RESOLVED that the Legislature encourages the Department of Environmental Quality to take full advantage of the flexibility available under the Clean Water Act, the Idaho Ground Water Quality Plan and Idaho laws and rules in defining, adopting and implementing mixing zones, variances, site-specific conditions, criteria and water quality standards.

HCR 64 was introduced, read the first time by title, and referred to the Judiciary, Rules, and Administration Committee for printing.

Mr. Moyle moved that all rules of the House interfering with the immediate consideration of **H 737**, as amended, be suspended; that the portions of Section 15, Article 3 of the Constitution of the State of Idaho, requiring all bills to be read on three several days be dispensed with, this being a case of urgency; and that **H 737**, as amended, be read the first time by title, second time by title, and third time at length, section by section, and placed before the House for final consideration.
